ADVICE SHEET 14

Worried about your breath?

It usually comes from the mouth: the habits that make the difference.

COMMON CAUSES

- Deposits on the tongue and between the teeth.
- Gum disease or decay.
- A dry mouth, smoking.

WHAT HELPS

- Brush your teeth morning and evening and clean between them.
- Clean the back of your tongue with your brush or a tongue scraper.
- Drink water regularly.

WHEN TO SEE US

- If bad breath persists despite good hygiene, an examination can find the cause.
